The rates at the Brokers Board were again very large to-day at advanced rates. City 5s improved \(\frac{1}{2}\); Sixes \(\frac{1}{4}\); Ken-incky \(\frac{1}{2}\); Ohio were firm.

We have assurance upon which the utmost reliance may be placed, that the rumors unfavorable to the solvency of the Yates County Bank are wholly without foundation. The Bank is perfectly sound, and its notes are all promptly re-deemed at its counter, and by its agents in Albany and New Yest. The meeting called by Mr. J. G. King on Wednesday, w.

organized by appointing James Brown, Esq. Chairman, and Mr. Joseph Blunt, Secretary. When organized, Mr. Whitehouse suggested that a delay of a week, in order to give gentlemen interested an opportunity to consult together, and to take ad rice of counsel, would be desirable. Mr. Flisha Riggs seconded this, remarking that the whole affair had been manonded this, remarking that the whole all ar had been man-aged in a most miserable manner from the beginning; in-deed, he had never known a Company which had exhibited such imbecility in its administration. He wanted an entire change of the in-door management, and he thought a delay of the week very proper. This, however, was not granted, and Mr. Whitehouse then entered his solema protest against the Mr. Wintenouse then entered his solemn protest against the proceedings, as giving any countenance to or recognizing in any way the late movements of the Trustees, and he desired this protest to be entered on the ministes. The meeting then appointed an Advisory Committee, consisting of James Brown, Esq., (Brown, Brothers & Co.) Mr. Tileston, (Spofford Tileston & Co.) and Mr. Walter R. Long, The conference of the process of the conference of ford, Tileston & Co.) and Mr. Walter R. Jones. The meeting numbered about 75 persons. We understand that a suit has already been commenced against the Trustees, in their individual capacities, for a debt incurred by them as Trus-tees. This will test the question of their right to borrow money and give mortgages.

A sale of Government Loan is said to have been made in

the street at 1121. Letters from London advise of sales in A dividend of 32 per cent, for the last six months, payable

on the 1st of May next, has been declared by the Mechanics' Bank. The capital stock of this Bank has been reduced by an act of the Legislature from \$2,000,000 to \$1,440,000, (being a deduction of \$7 on each share, leaving the shares hereafter at \$18 each.) The dividend is on the reduced capital. Considerable amounts of Specie have arrived at Mobile from the interior, destined to meet the interest of the State Bonds, due 1st of May and 1st of June. The amount of interest is \$132,500, of which \$107,000 is due 1st of May The Philadelphia Banks have now balances in the New-York Banks to the amount of \$700,000.

Lancaster County Bank Notes, altered from Southwark Bavings Bank, are in circulation in Philadelphia.

LIVERPOOL, April 3, 1843,
Referring you to our last respects of 3d ult., we now beg
to hand you the state of our Market for American pro-

Cheese U. S .- Since our last we have had but one pul he sale of the article; at which we regret to say that fine qualities again lost ground, but ordinary and middling about maintained our last quotations. A very moderate amount of business has been done at private. It is now ascertained that the stocks in farmers bands are larger than almost ever known at this season of the year, arising in decreased conand low prices since November last. The wants of the farmers now oblige them to bring their stocks on the market and hence the fall in good qualities. We trust, how-ever, from present indications, the period of a revival in trade generally is not distant; and we are, therefore, of opinion, that we cannot be long without a good demand a proved rates. Present prices may be quoted at, ordinary, 35s a 39s; middling 40s a 43s; fine 44s a 48s. Duty, 10s 6d per twt., with five per cent added.

Berf, U, S.—Our arrivals of new Beef have been very

limited, but such as has come in, packed to suit the market has been taken freely at our quotations. This article is detidedly getting more into favor, and we look upon it that it is only necessary to send what is really good of the different qualities, well cuted and packed, to meet with ready sale.— Old U. S. Beef still hangs on hand without purchasers to any extent. Our present quotations for new Beef are—Ex-tra mess 49s a 52s; mess 45s a 49s; prime 36s a 44s per barrel of 200 lbs. in bond. Duty Ss per cwt. and 5 per cent.

Pock U. S .- There have been extensive transactions in this article for export, but principally Canadian, at 20s a 26s per barrel, and one parcel old States, 500 barrels, at 18s in bond. In new States there have been no arrivals worth notice; but what few transactions there have been, have fully maintained our quotations. Extensive arrivals are looked for with next month, and if it only be cured and packed with prudence, we are of opinion that fair prices will be obtained. Present prices may be looked upon as follows: U. S. Mess, 36s a 38s. Prime, 32s a 34s per barrel of 200 lb., in bond. Duty 8s per cwt. with five per cent. added.

Lard.—In this article we have experienced a decline in

prices, but none in demand. Purchasers, being under the impression that large quantities are to arrive, are rather holding back; but we are of opinion that this manority will only be productive of better prices to sellers. This is an article so much in favor, that the consumption will probably keep pace with the imports. Present prices may be quoted at Inferior, 31s a 33s; Ordinary, 34s a 36s; Fine, 36s a 38s per cwt., duty paid. Duty, 2s per cwt., with 5 per cent.

Hams, Dried, U. S. - We are still without any import of Bew, and prices are almost nominal. For Prime, 46s a 50s per cwt., duty paid, might be obtained. Duty, 14s per cwt., with 5 per cent. added.

opinion that they never will answer here. Duty 8s per cwt... with 5 per cent. added. . U. S .- No arrivals of new sweet. Duty, 20s per

Butter Grease.—Rather in request—and may be quoted at 83s a 36s per cwt. duty paid. Duty, 1s 8d per cwt. with 5 per cent. added.

Wheat, U. S.—None in bond;—but 4s 3d a 4s 6d per 70

ths. bond, may be looked upon as the price for sound. Duty 20s per quarter, or 2s 6d per 70 lbs., with 5 per cent. added.

Flour, U. S.—Nothing doing. None in bond. Sweet may be quoted at 16s a 18s per brl., and sour, 12s, in bond. Daty, 12s per bil., with 5 per cent. added.

THE "WORLD" IN A BLAZE!

We desire to apprize the public that the NEW WORLD is flourishing like a "green bay tree," despite the hostility of few insignificant Book Barons, whose stock in trade in the old plan of shaving the people, has been reduced in value about EIGHTY FER CENT during the last few mouths, in conacquence of our enterprize of issuing cheap "BOOKS FOR THE PEOPLE." Another year will probably witness the downfall of many of them! Feare to their askes!
